.020
.080
.125

Standard size:

50" x 50"

Maximum size:

50" X 100"

Transmission:

80%

Maximum Temperature:

70°C / 158°F

DESCRIPTION:

Lumieo is a premium white acrylic sheet that provides both high transmission and excellent lamp hiding capabilities.

The surface is slightly matted on one side and smooth on the opposite side.

The diffusion comes from a combination of a very fine surface texture and special diffusing additives.

Lumieo can be thermoformed and fabricated like other standard acrylic sheet.

Lumieo is an excellent choice for those applications where lamp hiding and transmission efficiency are required, while at a lower premium than frosted sheet.
