

For the most cost effective, easy-to-transport strip conversion, A.L.P. offers the CAS-Express. This simple kit upgrade provides tool-less maintenance. An ideal solution to the challenge of converting a strip fixture into the energy efficient lighting we need now. The CAS-Express fits all 4" to 4.25" 1, 2 and 4 lamp strip fixtures.

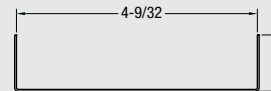

### Features

- Ballast Cover pre-punched for quarter turn fastener
- Made from pre-painted white steel
- Quality bi-pin lampholders provided with "LH" designation
- Uses socket plates separate from covers.

### Benefits

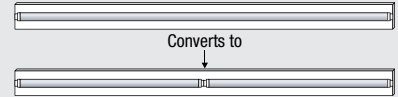

- Provides easy method to upgrade existing strips
- No special tooling required
- Lampholder brackets and ballast cover assembled on site for ease of handling
- Meets U.L. #1598 standards

### Profile Dimensions
