

**Flex G2.0**

**Material:** Impact Acrylic  
**Pattern:** Matte Satin  
**Color:** White  
**Thickness:** .010"  
**Max Temp:** 158° F  
**Part #:** S82DW10xx  
**Stock Size:** 24" x 48"

**DESCRIPTION:**

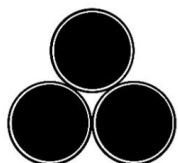

*Flex G.20 is designed for use as an overlay sheet for lenses or louvers, or contour insert for direct/indirect lighting fixtures.*

*Available in white impact modified acrylic featuring a soft matte white/satin finish with excellent uniformity offering 73% light transmission.*

*With one side satin and the other side matte white, Flex G2.0 is effective in removing glare and offers excellent lamp shielding. Manufactured with a new additive package, Flex G2.0 has improved UVA resistance and is warm in transmittance and cool in reflectance. The new additive package has almost neutral color diffusion.*

*The .010 thick flexible material is easily cut or sheared.*
